Place of production:
2141, Csömör, Erkel Ferenc utca 26/A/1.
Country of Origin: **Hungary**

I hereby certify as manufacturer, that this product corresponds to the operative food safety regulation of the European Union.

Food colouring agents and additives used in this product correspond to the 1333/2008/EK directives about food additives of the European Parliament and European Council.

Ingredients: colour (erythrosine E127, titanium dioxide E171, brilliant blue FCF E133, ponceau 4R E124*).

Characteristics: Magenta-lilac, fine dust textured colouring powder. Scentless, tasteless. Soluble in oil and fat. A slight clumping can occur which has no influence on the quality. Light can affect colour intensity but not quality.

Storage: protected from light

Contains no genetically modified material or allergens.
Suitable for vegetarians and vegans. Gluten free. HALAL-certified product.

Expiry date: 5 years from production.

The product was manufactured in a food producing factory that runs a properly established system corresponding to the 852/2004/EK decree for food hygiene of the European Parliament and Council.

The product is destined to produce foodstuff, not meant for direct consumption. Usage has to comply with the prescriptions Nr. 1333/2008/EK of the European Parliament and Council, along with the strict observance of specified limits.

According to Regulation (EU) No 1169/2011 of the European Parliament and of the Council on the provision of food information to consumers, a product is considered to be a food additive and thus exempt from nutrition labeling.

Ration assistance: the product contains 84,13% colouring agent.

Product warnings:

In the EU, food coloring is only used in the food industry for the production of cocktail cherries and sweetened cherries.

The product contains titanium dioxide E171, so according to Commission Regulation (EU) 2022/63, Regulation II of the European Parliament and Council Regulation 1333/2008/EC. and III. as a supplement to its annex, after August 7, 2022, it cannot be used for the production of food. If using it, on the packaging of the finished good the following caution must be marked:

*May have an adverse effect on activity and attention in children.

Csomor, 06.06.2023.
